Access Control Systems

Access control systems provide the most efficient and convenient way of securing your building and assets. Tokens are issued to allow access through controlled doors, and are easily barred from the system if they are lost, stolen or not returned by someone who leaves your company.

IOX Solutions is a certified partner and authorised installer for the market leading range of ZKTeco access control systems. ZKTeco products harness the latest technology to provide powerful, yet easy to install and use solutions for education, healthcare, retail, leisure, commercial and public sector, including:

- Door access solutions
- Access Control Systems
- Door entry and building intelligence systems for smart buildings
